Professional Summary

Information Technology undergraduate with knowledge of C++, Python, Java, DBMS, Data Structures Algorithms, and Machine Learning fundamentals. Completed an AI/ML internship at Supratech AI Innovation and Software and developed projects in predictive analytics and database management. Passionate about software development, data analysis, and problem-solving.

Education

Bachelor of Engineering (B.E.) – Information Technology 2024–2027 MET Bhujbal Knowledge City, Nashik
Current CGPA: 7.14

Higher Secondary Certificate (HSC) Percentage: 73.17

Secondary School Certificate (SSC) Percentage: 89.00

Technical Skills

- Programming Languages: C++, Python, Java
- Web Technologies: HTML, CSS
- Database: MySQL, DBMS
- Core Concepts: Data Structures Algorithms, Object-Oriented Programming
- AI/ML: Data Preprocessing, Machine Learning Fundamentals, Model Evaluation
- Tools: Git, GitHub, VS Code

Experience

AI/ML Intern Jan 2026 – Feb 2026 Supratech AI Innovation and Software

- Assisted in machine learning projects using Python.
- Worked on data preprocessing, cleaning, and model evaluation.
- Gained practical exposure to AI development workflows and predictive analytics.
- Collaborated with team members on software development tasks.

Projects

Student Performance Prediction — Python, Machine Learning

- Developed a machine learning model to predict student academic performance.
- Performed data preprocessing, feature engineering, and model training.
- Analyzed educational datasets to identify factors affecting performance.

Placement Prediction System — Python, Machine Learning

- Built a predictive model to estimate placement opportunities using academic and skill-based data.
- Applied classification algorithms and evaluated prediction accuracy.
- Generated insights to support placement readiness analysis.

Student Database Management System — C++

- Developed a console-based application to manage student records.
- Implemented file handling and data management functionalities.
- Supported record creation, search, update, and deletion operations.

Certifications

- NPTEL – Database Management Systems
- Spoken Tutorial Java Training – IIT Bombay
- AI/ML Internship Certificate – Supratech AI Innovation and Software
- Smart India Hackathon (SIH) 2025 – Participant
